HISTORY

1986 Sumisho Electronic Systems Co., Ltd. Import and sales of US-made computer systems.

1993 nCUBE (Oracle Inc) Branch manager, Japan - Top sales records in the world for more than three years.

1996 Yamagami Construction Co., Ltd., as Executive Vice President.

2001 Started consulting firm "Ennovation Inc."

2009 Authored more than 50 "ISO facilitation" articles and tools to apply to QMS and internal audit from 2009 to current. Learned Clean Language to educate people and organizations with the management system "Promotion Technology" through ISO facilitation.

2013 Began using Clean Language with internal auditor training. To date have trained more than 1,500 individuals with excellent recommendations and feedback from management.

2015 Participated in "LCA Potential Cause Analysis" by FailSafe Network, United States.

Now Current work includes QMS internal auditor training, organizational consulting incorporating clean language, and writing articles about how corrective actions using Clean Impact (Clean Language Interviewing, Clean History, Clean Modeling) efficiently assess risks in business.
